What are the risks?

Monetary Risks

- Can you afford to pay out of pocket for your medical care?

Health Risks

- Do you know how to locate and access quality medical care?
- What do you do when local care is not adequate?
- Who do you contact for assistance?
- What if you need on-going medical care?

What are the options?

Pay out of pocket for your medical expenses

- Recommended if quality local medical care is available and you can afford to pay out of pocket
- You are familiar with local hospitals and have a relationship with a local doctor
- You feel confident in receiving major medical care from a local hospital

What are the options?

Enroll in the local National Healthcare System (if available)

- Limits out of pocket expense
- Requires the use national healthcare providers
- Possible Waiting periods and limitations of services
- Requires you to pay of pocket for services not covered by the NHS
- Eligibility, waiting periods and benefits vary from country
- Geographic restrictions

What are the options?

Purchase private insurance

- Allows you to choose any doctor or hospital
- Pays for medical expenses after you have satisfied a deductible
- Includes emergency medical evacuation
- Extra benefits: 24Hr assistance, hospital indemnity, AD&D, etc...
- Covers you worldwide
- Cost's money / premium regardless if you use it or not
